## Bring MPOWRD to Your Youth Facility

MPOWRD is a program where teens help each other to overcome challenges and grow stronger together. It's all about giving teens the power to lead meetings and support one another, making positive changes in their lives. MPOWRD has a proven track record of making real differences in the lives of teens. It helps them do better in school, make smarter choices, and feel less alone.

### How MPOWRD Works:

- **Better Behavior:** Teens in MPOWRD get into less trouble. We've seen a big drop in bad behavior because students learn to handle problems better.
- **More School Success:** Teens who join MPOWRD go to school more often and get better grades.
- **Stronger Leadership:** Teens learn how to lead discussions and help their friends, which makes them more confident and responsible.
- **Teen-Led:** Teens run the meetings with a little help from adults. This makes them feel in charge and proud of what they can do.
- **Easy to Start:** We give you all the tools and guides you need to start MPOWRD in your place. It's simple and we're here to help you get going.
